

HTML/CSS Learnings

What is the relationship between the Internet and the WWW?	
What is HTML?	
What is the HTML Skeleton?	
Why is it important to write proper/valid HTML?	
What is CSS?	
Why should we use stylesheets instead of embedded stylings?	
How do you link a stylesheet to an HTML document?	
What does it mean for a website to be responsive?	

<p>Describe an obstacle you encountered this week working with HTML. How did you overcome it and what did you learn?</p>
